TEAM

SARAH JACOBSON

PRINCIPAL DESIGNER & FOUNDER

Sarah started her design journey at a young age, pursuing a Bachelors degree in interior design and starting her design firm right out of college. Her passions for both business and interior design originally lead her towards creating brand-centric designs for commercial clients. Working in this niche market helped develop and expand her skill set, and ultimately moved her towards partnering with homeowners on their journey to falling in love with their homes.

Working with DS2 was a seamless experience. They fully encapsulated our vision... We highly recommend working with them!

INEZ LAVAL

OWNER OF WXING BY INEZ

What can I say? They killed it! I told Sarah the colors of my business and gave her all creative control over the project. She came back with a concept that was PERFECT and allowed me to start fresh... I am so grateful to have found Sarah and DS2 Studios. The new design gave me hope when I didn't think it was possible and inspired me to love my dream again. You have a client for life!!

FARIVA C.

NURSERY DESIGN

DS2 designed my nurseries and I could rave about them all day. Working with Sarah was a dream, her professionalism and genuine desire to make my dreams into reality was remarkable. Her goal is literally to make her customers happy and make it a fun experience. She was extremely easy to work with and did the most beautiful job. She answered any questions immediately throughout the entire process and went beyond her services. Her quality of work is astounding and her substantial care for comfort is phenomenal. She did not just design, but turned our plain bedrooms into loving, comforting, happy and beautiful nurseries. I am so appreciative of her and her work and could not be happier! I recommend her to everyone, I promise you will be satisfied with her high-quality work! We absolutely love our nurseries and look forward to our next project, Thankyou Sarah!!!
